

BLADE PERFORMANCE TECHNOLOGY

At ELITE we have one goal: to help the best play better.

ELITE Blade Performance Technology is a Quebec manufacturer of high-precision skate blade profilers and revolutionary, computer-controlled, fully automated skate blade sharpeners. We have reimagined and re-engineered the critical materials, practices and processes of skate blade profiling and sharpening to establish a new era of precision and consistency. This is **Blade Performance Technology**.

ELITE offers an integrated blade care system, based around our core technologies:

- The **E-P3 Profiler**, which provides precise, custom profiling, with the widest selection of profiles available on the market;
- The **E-S4 Automated Sharpener**, the only fully computerized, automated sharpening machine that preserves the blade profile perfectly, every time.

Together, the E-P3 blade profiler and the E-S4 skate sharpening system represent a revolutionary advancement in the science of blade preparation.

"Every player is trying to get the best edge they can possibly get. The wide variety of profiles, the customization, automation, and consistency that the ELITE system offers gives every player the tools they need to succeed at the highest level."

*BOBBY HASTINGS
Head Equipment Manager
Toronto Maple Leafs*

At ELITE, we believe two things. First, there is nothing more important to a player's performance than his blades. And second, for all players we believe there exists a perfect blade – an optimal profile, with an optimal sharpening or hollow to fit

that profile – which best suits their playing style and skating technique and maximizes their on-ice performance.

In the era of snap in snap out blades, ELITE's research and innovation have taken blade performance to a new level that makes it easier to deliver precision, consistency, and performance to your players.

ELITE has the best system in the world today for consistent and precise blade performance and the only automated sharpener that won't ever degrade the shape of your blade.

Dozens of NHL, AHL, NCAA and Major Junior teams across North America are now using the ELITE blade performance system.

Our pro teams

NHL

Montreal Canadiens	Winnipeg Jets	LA Kings
Toronto Maple Leafs	Detroit Red Wings	Calgary Flames
Colorado Avalanche	Philadelphia Flyers	Ottawa Senators
San Jose Sharks	Chicago Blackhawks	Washington Capitals
Edmonton Oilers	Vegas Golden Knights	Tampa Bay Lightning

AHL

Laval Rocket
Toronto Marlies
San Jose Barracuda
Manitoba Moose
Lehigh Valley Phantoms
Rockford Ice Hogs
Henderson Silver Knights
Bakersfield Condors

CHL

Drummondville Voltigeurs	Blainville-Boisbriand Armada
Rimouski Océanic	Quebec Remparts
Chicoutimi Saguenéens	Moncton Wildcats
Shawinigan Cataractes	Hamilton Bulldogs
Gatineau Olympiques	Brandon Wheat Kings

USPORT

Concordia Stingers
Université Montréal Carabins

NCAA

Arizona State Sun Devils	Ohio State Buckeyes	University of Denver Pioneers
Benmidji State Beavers	Penn State Nittany Lions	UMass Minutemen
Boston University Terriers	Princeton Tigers	U Michigan Wolverines
Cornell University Big Red	St. Cloud State Huskies	U Nebraska Omaha Mavericks
North Eastern University Huskies	UConn Huskies	U Wisconsin Badgers
Notre Dame Fighting Irish
