ELITE Blade Performance Technology is a Canadian manufacturer of high-precision, easy to use skate blade profilers and revolutionary, computer-controlled, fully automated skate blade sharpeners. ELITE has the most advanced system in the world today for precise and consistent blade performance, and the only automated sharpener that won't ever degrade the shape of your blade.

www.eliteperformancetech.com

E-S4 SHARPENER AND ACCESSORIES

E-S4 AUTOMATED SHARPENER

\$59,963

The E-S4 is a fully automated blade sharpener that delivers consistent blade performance like no other system in use today. The only skate sharpening system capable of preserving the profile of the blade throughout its life, the E-S4 uses steel wheels to guarantee consistent hollows, a center-mount clamp to ensure symmetrical edges, and a computer automated cutting process to preserve the integrity of the blade shape. A new integrated remote connection module facilitates program upgrades and remote troubleshooting. Vacuum system is also fully integrated. Purchase includes:

- 5 pairs of CBN sharpening wheels (1/2", 5/8", 3/4", 7/8", 1")
- 1 pair of X-grind/roughing wheels
- 4 universal blade holders
- 1 stoning block
- 1 E-S4 toolkit

CUSTOM PAINT & LOGO

\$1,950

Customize your machine with your team's custom colours and logo to keep your teams colours consistent in the dressing room. Send us your pantone colours and logo assets and we will deliver your custom machine.

PRO TEAM PRODUCT CATALOGUE

WHEEL CABINET \$280

Custom-built wooden cabinet to store sharpening wheels, available for wall mount or on a support stand.

WHEEL CABINET SUPPORT STAND \$350

Metal support stand for free standing wood wheel cabinet.

ADDITIONAL CBN SHARPENING WHEELS \$360

Machined steel sharpening wheels with borazon super-abrasive coating. Large range of ROH from 1/4" to 1 1/4" available.

RFID OPTION \$2,250

Radio frequency identification is an add-on function which allows you to track and monitor wheel use so that you know where you are in the life span of your wheels.

REMOTE CONNECTIVITY \$650

This module addition allows you to connect remotely with Elite tech support for software updates and troubleshooting.

RFID RETROFIT \$2,520 + TRAVEL

E-S4s can be retrofitted to add RFID functionality, allowing you to track and monitor wheel use. The price includes installation, but travel costs are extra. Note that this option also requires new wheels with RFID tags.

ADDITIONAL STONING BLOCK \$45

Support for stoning blades after sharpening.

BLADE STRAIGHTENER \$199

Tool for correcting / straightening bent skate blades.

ADDITIONAL BLADE HOLDER \$90

Universal blade holder with magnetic supports. Compatible with any standard hockey blade. (Four included with E-S4.)

DUST COLLECTION FILTER \$85

It is important to replace your filter once a year. The Merv-15 filter has the industrial filtration capacity needed to capture the metal dust in your E-S4. Please note that residential AC filters don't have adequate filtration capability.

E-S4 WHEEL OPTIONS

5-pair pro package, plus roughing wheels, included with E-S4. Additional wheels available for purchase.
