ELITE
BLADE PERFORMANCE

THE E-P3 PROFILER

The most precise, efficient, easy to use and versatile profiling machine on the market today, trusted by hundreds of pro and college teams and retailers across North America.

TRUSTED BY 150+ PRO TEAMS

Engineered for pro-level accuracy and efficiency, the **Elite E-P3 Profiler** delivers unmatched precision, versatility, and ease of use, empowering equipment professionals to optimize blade performance with confidence and consistency.

Using precision CNC-machined templates, the **E-P3** allows users to profile four blades simultaneously, ensuring consistency between blade pairs, and dramatically improving workflow.

> **"The Elite E-P3 profiler is an easy win. You can do two sets of blades at once, and they come out consistent every single time. It's so easy and quick to mount any kind of blade and have that precision every single time. Without a doubt it's the best profiler on the market."**

KEY FEATURES

PRECISION CNC MACHINED TEMPLATES
Precision begins with the template. Our profile templates are CNC-machined to guarantee precise results.

PROFILES 2 OR 4 BLADES AT A TIME
This not only saves time but **ensures all blades will be identical**, eliminating variability between blades in a set and between pairs of blades. It takes 6-10 minutes to profile two or four blades, meaning the E-P3 can profile up to **12 pairs per hour.**

HANDS-FREE OPERATION
Saves time and allows you to do other things.

INTEGRATED PITCH FEATURE
The E-P3 comes with **customizable blade pitch** with 1/64", 1/32", or 3/64" increments on all templates.

NEUTRAL BLADE MOUNTING
The E-P3 mounts blades from the top, mimicking the way they sit in the skate holder, so there is always a **consistent reference point** every time they are profiled.

CBN-COATED GRINDING WHEEL
Removes material efficiently and **lasts a long time.**

CLEAN AND SAFE OPERATING ENVIRONMENT
Designed for minimal mess and easy maintenance with glass doors that contain any dust and a side-mounted vacuum for **easy clean up and maintenance.**

BENEFITS FOR RETAILERS AND ARENAS

USER-FRIENDLY
Easy to operate, with minimal supervision required. Anyone in your shop can be trained to use the E-P3. Just choose a template, load the blades and start to profile, hands free.

LARGEST PROFILE SELECTION
The E-P3 is very versatile, with the largest range of profiles on the market, including our popular, proprietary SCS and Polaris families, as well as profiles from other manufacturers.

STAND OUT FROM THE COMPETITION
Keep customers coming back with the best blade service in town. Profiling is a high-value, high-margin offering that differentiates your store and boosts your bottom line.

TRAINING & SUPPORT
With virtual training, detailed how-to videos, and ongoing troubleshooting, Elite supports your team every step of the way.

OPTIONS

Classic Red
The signature Elite look trusted by pros and retailers across North America.

Custom Colors
Make a statement in your pro shop with your store logo and brand colours.
